

Step-by-Step guide To Create an IBM Cloud Account using a Feature Code

Step 1: Log in to online.rooman.com to access our LMS

Step 2: Access Pro Learn LMS.

1. Navigate to the **Connect to SKILL NETWORK** section and click the button.

Step 3: Once clicked you will be redirected to the Skill Network page where you will see a username and password prompt.

Register Sign in

Username or email

Password 

Sign in Forgot password

Or sign in with:

 Rooman SSO

Step 4: However, do not enter anything in those fields. Instead, click the **Rooman SSO** button. Once you click the Rooman SSO button, you will be redirected to a page asking for a username and password.

Enter your username and password

A service has requested you to authenticate yourself. Please enter your username and password in the form below.

Username

Password

Login

Help! I don't remember my password.

Without your username and password you cannot authenticate yourself for access to the service. There may be someone that can help you. Consult the help desk at your organization!

Step 5: Use the same email address you used to log in to online.rooman.com as your username. The password is **121@1212snkds\$** , which is the same for everyone.

Step 6: Once logged into Skill Network Use the search bar at the top of the course catalog to search for "**Introduction to Cloud**".

Obtain an IBM Cloud Feature Code

 Bookmark this page

To facilitate hands-on skills development and enable you to complete some of the labs in this course, we are providing you with a special feature code for IBM Cloud.

This feature code will enable you to either create an IBM Cloud account without a credit card, or extend the validity of your existing IBM Cloud trial.

Please check the box and click on the Open tool button below to obtain a unique Feature Code and copy it. You will be able to apply it using the instructions that follow in a subsequent lab in the course.

Click **Open Tool** button.

Feature Code (External resource)

Open Tool ↗

STAFF DEBUG INFO

Click **ok** button. And complete the Robot verification further.

Feature Code (External resource)

Click OK to have your username and e-mail address sent to a 3rd party application. Click Cancel to return to this page without sending your information.

Cancel

OK

STAFF DEBUG INFO

Step 8: Enable the checkbox and Submit it.

Your IBM Cloud Feature Code

Copy the feature code below or click Activate Your Trial to get started with IBM Cloud.

NOTE: If you have already applied your IBM Cloud feature code in another course/lab to create an IBM Cloud account, please skip this item, as the code can only be used once.

CAUTION: While signing up for an IBM Cloud account, or at a later stage, you may be prompted to enter a credit card. Please note that access to paid services or a credit card is **NOT** required to complete any mandatory labs/projects or assignments in this course. Instead, those enrolled in this course have access to a **Feature Code**, which enables trial access to IBM Cloud for a limited duration. Therefore, we strongly recommend that you **DO NOT enter a credit card** to complete the required course components.

If you still choose to enter your credit card to use IBM Cloud services, you will be liable to pay any resulting charges billed to your credit card. The course team does not take any responsibility for such charges.

In case you encounter issues while activating your account with a Feature Code, or your trial has ended and you have not yet completed the course, please contact the course support team via the course discussions forums for assistance instead of adding a credit card to your IBM Cloud account.

☒ I have read and accept the advisory information above.

Copy

Activate Your Trial

This is where the feature code is usually provided.

- The feature code might look like: CC-BOT-XXXXX.

Copy the feature code. Save it somewhere accessible for later use.

Step 1: Visit the IBM Cloud Sign-Up Page

1. Open a new tab in your browser and go to the IBM Cloud registration page: <https://cloud.ibm.com/registration>.

Log in to IBM Cloud

Don't have an account? [Create an account](#)

Sign in with

Continue

[Forgot ID?](#)

Provide the following information in Account Information:

- i. **Email Address:** Use a valid email address that you can access easily.
- ii. **Password:** Create a strong password. IBM Cloud requires a mix of uppercase, lowercase, numbers, and special characters.

The image shows the 'Create an IBM Cloud account' page. At the top, it says 'IBM Cloud' and 'Create an IBM Cloud account'. Below that, it asks 'Already have an IBM Cloud account?' with a 'Log in' link. The main form is titled 'Account information' and has a blue dot next to it. It contains two input fields: 'Email' and 'Password'. The 'Email' field has a blue border and a blue arrow button on the right. The 'Password' field has a grey border and a grey eye icon on the right. Below the input fields is a 'Next' button with a downward arrow. At the bottom of the form, there are three radio buttons: 'Verify email', 'Personal information', and 'Account notice'. The 'Verify email' radio button is selected.

Verify Your Email

1. Check your email inbox for a verification email from IBM Cloud.
 - Look in the **Spam** or **Promotions** folders if you don't see it in the main inbox.
2. Open the email and click the **Verify Email** button or link provided.
3. Once verified, log in to your IBM Cloud account.

About your IBMid Account

By creating, or using, an IBMid to access an IBM Web site or other service, you acknowledge that you have read, understand, and agree to be bound by the below terms, in addition to the terms in the IBM Terms of Use, the IBM Privacy Agreement and the "About your IBMid Account Privacy" section of this notice provide details on how IBM protects your personal data.

Most IBMid accounts are individual IDs, meaning you manage your own account information and access your account through the IBMid login service (i.e. IBMid is the authenticating agency).

If your account is created using an email address containing a domain owned by an organization which you are employed by, contracted to, or volunteer for, your organization can:

- inquire about the status of your ID
- request your account settings (including your personal information)
- at its option, convert it to an enterprise ID.

If your account was created as (or is converted to) an enterprise ID, your organization manages your account information. It is also the authenticating agency for your ID, meaning your access is controlled by your organization's login service.

Your rights

Our [Privacy Statement](#) provides more information about your personal data rights. It also provides contact information if you have questions or concerns regarding our handling of your personal data.

- ☒ I acknowledge that I understand how IBM is using my Basic Personal Data and (if applicable) how my organization may become the authenticating agency for my IBMid account. I certify that my age is at least the age of consent for my country of residence.

If I am from the People's Republic of China, I agree my personal information may be transferred outside of the People's Republic of China for the purpose of providing me relevant products and services.

If I have an existing IBMid account and I wish to remove my personal information, I can contact the [IBM Privacy Office](#).

Continue

The system will process your information for 2 to 3 minutes.

Step 3: On the next page, under **Account Information**, click the **Register with Code** option.
